

KING GEORGE VI

NEWSLETTER JAN TO APR 2019

This newsletter is all about our KGVI graduates

We are so proud of our first Doctor. Who remembers when Goodwell set up his own makeshift lab in a storeroom at KGVI? Now he has just completed his PhD and gives all our KGVI students an inspiring example.

Luckmore asked to take over one of the KGVI gardens and just look what he is producing!

Precious has always dreamed of an overseas trip. Now she is off to Oregon in July to attend a women's leadership workshop

Trevor now runs his own carpentry business

Tapiwa runs our music department and currently has 3 marimba bands in training!

Nyasha, our wheelchair tennis star, has travelled the world and is now working for the international Paralympic committee in Germany

Miyethani (in green) assists with the Red Star system for teaching our deaf learners

Zenzo has an excellent job working for an organisation that provides water to rural communities

Sinini was commissioned to do some drawings for a book about the rock art of Zimbabwe supported by the Alliance Francais

Loveness has been working in Victoria Falls for a beauty spa and has just recently had a baby

Siphon earns a living making buns for the KGVl borders

**Check out our website: <https://www.kgvi.org/>
Remember the more people who visit the more prominent it will become!**

Primrose is another first! Our first home-grown teacher now teaching in our science department

David and Brighton are an essential part of our maintenance team

Our crazy Deaf class assistants 'catching' runners at the finish line!

Great action photo from our recent sports day!

SPORTS DAY 2019

Thank you for your support and your special response to the present crises (for there are many of them) in Zimbabwe

A PICTURE SAYS 1000 WORDS!

Wheelchair race on our very rough sports track but nothing deters our children!

Please help us support our 29 BURSARY children!
